ESTHETICIAN Exam Preparation Guide

Introduction

Thank you for participating in the State of Kansas licensing process. To obtain your license, the Kansas Board of Cosmetology requires you to pass a written and a practical exam after you complete your program.

Read this entire Exam Preparation Guide. It has information you need to complete the exam process. You can also find this information online at <u>www.cosmetologykansas.com</u>.

This Exam Preparation Guide includes written and practical exam information. There are checklists for your use on the last pages of this Exam Preparation Guide to make sure you are bringing what you need on your practical exam day.

National Testing Network is contracted to administer the examinations and provide candidate services for the State of Kansas. To submit a question, click the "Contact Support" link on <u>www.cosmetologykansas.com</u>.

Requirements to Sign Up for an Exam	You must be at least 17 years of age and within 80 hours of completing your program to sign up for your exam.	
Requirements on the Day of Your Exam	On the day you come to take the exam, you must have finished your program and all of your hours must be reported by your school or referring program on the <u>www.cosmetologykansas.com</u> website.	
Required Identification	 For entry into your exam, you are required to provide originals of qualifying pieces of identification. Your name (and date of birth, if listed) on the ID are required to match your name and date of birth exactly as they appear in your online account when you arrive at the test site. If your name is incorrect in our system, please contact us by clicking on the "Contact Support" link at (www.cosmetologykansas.com). Two forms of government issued identification (see below) are required. One piece of identification must include a current photo. Your name is required to match on both forms unless you also bring documentation of name change (for example, official court document indicating name change, etc.). 	
Accepted as	• U.S. or foreign driver's license – valid, or expired within one year	
Identification <u>Original</u> <u>Identification With</u> <u>Photo</u>	 U.S. armed services ID card – with photo and signature U.S. V.A. ID card – valid with photo U.S. or foreign passport – valid, or expired within one year Federal or state employee ID card – valid, shows your signature and photo State issued ID card with photo – valid, or expired within one year Immigration ID – valid, with signature from the U.S. Citizenship and Immigration Service 	
<u>Original</u> <u>Identification</u> <u>Without Photo</u>	 U.S. Certificate of Citizenship or Naturalization – with signature and photo U.S. Permanent Resident card – valid, with your signature and photo Tribal ID card Certified birth certificate – original or certified document Social Security card (not laminated) or tax payer ID letter Certified birth registration card Government issued visa – valid, or expired within one year Voter's card Medicare card Social Security Administration receipt of name change / replacement card 	
Examples of Items <u>Not</u> Accepted as Identification	Medical marijuana card Copies of ID Car registration Cosmetology license Credit card Costco card Jury summons Gun permit Medicaid card Car insurance card School ID Bus passes Food handler's card	

Getting Started To take your written and practical exams, you need to be referred online at www.cosmetologykansas.com by your school, your apprenticeship program or by the KBOC. Your temporary username and password will be issued to them. What to expect from your school or referring agency: • They refer you online. • They obtain and give you a temporary username and password. They report all of your completed curriculum hours on the website by the • time you report for your exam. As a candidate, it is your responsibility to: Make contact with your school, or the referring agency, to get the exam • process started. Read and be familiar with this Exam Preparation Guide by the day of your exam. Use your temporary username and password, given to you by your school or the referring agency, to create your own personal username and password online. Go online to schedule the date and time of your written and practical exams. (You need to use your personal username and password for scheduling both exams.) **Exam Locations and** Go to <u>www.cosmetologykansas.com</u> to see exam locations and schedule your exam. Scheduling Choose any available time and date at the location you prefer for both your written and practical exams. You may take your exams in any order. You must schedule exams yourself online. Walk-in candidates are not admitted to examinations and testing centers cannot schedule candidates. **Payments** The practical exam fee is \$49, the written exam fee is \$50 and all individual retests scheduled are \$50 each through Thursday, September 17, 2015. Effective September 18, 2015, the practical exam fee will be \$75, the written exam fee will be \$75 and any exam retest will be \$75. You can pay by credit card online. If you cannot pay by credit card, log into your account at www.cosmetologykansas.com. Click on "Pay by Check" and print the form you need. Send the completed form, along with your money order or cashier's check, to National Testing Network. In about two weeks you will receive a voucher you can use to go back online and schedule your exam.

Special Accommodations Requests	For those with special needs, Americans with Disabilities Act (ADA) accommodations are available. You may request accommodations by completing the "Request for Accommodations Form (Parts A and B)" when you log into your account online for the first time. Submit all completed documentation to National Testing Network by mail or fax (425-774-0829).
	National Testing Network Accommodation Request 18720 33rd AVE W Lynnwood, WA 98037
	All sections of the form must be completed; if one of the forms does not apply, please mark as "not applicable".
	Requests must be made in advance and supported by documentation from a physician. Requests must be made and accepted prior to scheduling your exams with accommodations. You will be notified of the result of your request.
Languages	The exams are only offered in English.
Arrival Time	Make sure you have the correct date, time, and location of your exam. Arrive 30 minutes before your scheduled exam time so you have plenty of time for registration.
Late Arrival Policy	Entrance to the examination closes at test time. No candidate who arrives late will be admitted. No exam will be delayed waiting for a late arrival. If you are late for your exam, you must go online to reschedule and pay for another exam at a later time.
Getting Your License	Step 1: Log into your account at <u>www.cosmetologykansas.com</u>
	Step 2: Click "Print Practitioner Application"
	Step 3: Mail application and payment to KBOC with any additional documentation required (address and payment information found in the application)
	Note: Application must be received and processed by KBOC in order to receive your license
Need Help?	If you need help with this process, please contact us anytime by clicking the "Contact Support" link on <u>www.cosmetologykansas.com</u> .

EXAM RULES

No Study Materials	No textbooks or other study materials are allowed in exam rooms.
Personal Belongings and Attire	No purses, backpacks or other personal belongings are allowed in exam rooms. Such items may not be accessed during the exam. Candidates must remove all jackets, sweaters, scarfs, or other bulky clothing. If you are wearing long sleeves they must be pulled up. No weapons of any kind are allowed in the facility. National Testing Network assumes no responsibility or liability for any personal items in the facility.
No Digital Devices	No digital devices (cell phones, pagers, mp3 players, data sticks, cameras, voice recorders, watches, etc.) are allowed in exam rooms.
Talking	During the exams, speak politely and only to test proctors and evaluators. Do not speak to other candidates unless specifically directed or permitted to do so by a test proctor or evaluator. (Raise your hand if you need assistance during an exam.)
No Cheating	Cheating or falsifying information is not tolerated.
No Disruptions	No disruptive behavior or unnecessary noise is allowed.
No Drinking, Eating, Chewing, or Smoking	No eating, drinking, gum chewing, toothpick chewing, or smoking is allowed. No food or beverages may be brought into the exam facility. (Drinking water is available.)
Stay Within Your Workstation	Candidates and their test items must remain within the boundaries of their assigned workstations. Bending or leaning into someone else's work area is not allowed.
Breaks	No timeout for breaks is given during exams. You must get permission from an evaluator or an administrator to leave your station.
No Visitors	Candidates are not allowed to have companions or visitors in the building.
Rule Violations	Any candidate who violates exam rules or who does not show respect for the professional exam setting will be required to leave the examination site; the opportunity to sit for the examination will be forfeited and the answer sheets will be voided. Those who cheat may also be responsible for damages based on copyright and trademark law violations. Some violations can result in additional suspensions from testing or affect receiving a Kansas license.
Appeals Process	National Testing Network will consider appeals regarding significant procedural errors or adverse environmental conditions during exam administration. Please contact National Testing Network Customer Support within 15 days after the date of notification of exam results. The appeal must be made in writing and can be sent to 18720 33 rd Ave. W., Lynnwood, WA 98037 or to <u>http://cosmetologykansas.com/process.cfm?id=contact</u> .

How and when do I find out about my exam results?	Your exam results will be posted on your online account page within one week after you complete your exam. (The employees at exam locations do not have access to exam scores and cannot answer questions related to your performance on any exam.)
What is the passing score?	Candidates are required to pass both the written exam and the practical exam to be licensed in the State of Kansas. Passing score for the written exam is 75. Passing score for the practical exam is 75. Candidates scoring less than 75 on the written exam must take the entire written exam again. Candidates scoring less than 75 on the practical exam must retake the entire practical exam again. Candidates who fail the Blood Spill portion of the practical exam may schedule another test and take the Blood Spill portion only.
When can I retake an exam?	You can go online and sign up to retake the written exam or practical exam at a later time.
What is the cancellation and refund policy?	Exam fees are not refundable. Exams can be rescheduled by clicking the "Contact Support" link on <u>www.cosmetologykansas.com</u> and submitting a support ticket a minimum of 7 calendar days prior to your exam date. Schedule changes are not allowed outside of the 7 day policy.
What is the policy on extreme weather and emergency closure?	In case of extreme weather conditions or other emergencies that warrant closure of any testing center, you will be notified by the testing center as soon as possible. When possible, you will be notified at least two hours before your scheduled time. After you receive notification from the testing center, exams can be rescheduled by clicking the "Contact Support" link on <u>www.cosmetologykansas.com</u> and submitting a weather reschedule support ticket.
Is my score valid in other states?	The State of Kansas has no control over what is accepted in other states.
Do I have to take the exam for things that are not taught in my program?	This is your state licensing exam. The exam tests for state requirements and the ability to perform services listed in Kansas State Law, as shown on the next page. You must be prepared for testing in all areas shown.

Following is an overview of licensing requirements covered in the exam process.

Safety & Sanitation	The licensee/practitioner is required to observe and practice appropriate safety and sanitation, ensure that the salon is organized and sanitary (including floors, reception area(s), dispensaries, storerooms and bathrooms), to ensure that appropriate cleaning and sanitation products are available and properly labeled, chemicals are properly stored and labeled, and waste is disposed of properly.
Implements, Tools & Equipment	The licensee/practitioner is required to observe and practice safe working practices and maintain all implements, tools and equipment in proper working order according to manufacturers' instructions.
Chemical & Facility Management	The licensee/practitioner is required to understand and practice safe use and application, mixing, storage and dispensing of all chemicals, to properly label and store containers, prevent cross-contamination, use designated storage and waste removal for chemicals, and understand proper and appropriate first aid procedures.
Skin & Facial Care & Product Use	The licensee/practitioner is required to properly recognize and identify diseases and disorders of the scalp, hair and skin, including parasites and contagious diseases, open wounds or other conditions that may preclude the rending of or affect the outcome of services. Services include stimulating the skin of the body by the use of preparations, tonics, lotions, or creams; and the application of make-up, tinting eyelashes and eyebrows, hair removal, microdermabrasion, and other services.

Written Exam

INTRODUCTION AND REFERENCE MATERIALS

The written exam covers professional knowledge and laws that regulate cosmetology. All professional knowledge questions are covered in the Milady textbook shown below and many of the professional knowledge questions are also covered in the Pivot Point textbook. All law items are covered in the Kansas Laws, Rules and Regulations listed below.

- 1. Gerson, Joel. Milady's Standard Esthetics Fundamentals, 2009. Clifton Park, NY: Cengage Learning.
- 2. *Salon Fundamentals: A Resource for Your Skin Care Career*, 2004. Evanston, IL: Pivot Point International, Inc.
- 3. Kansas Board of Cosmetology (2011, July). *General Laws Rules and Regulations relating to the practice of cosmetology, nail technology, esthetics and electrology.* Retrieved June 1, 2013 from: http://www.kansas.gov/kboc/CosmoStatsandRegs.htm

Written Exam Time	2 hours
Computerized Testing	The written exam is computer administered. You must be able to use a mouse and familiar with basic keyboarding. Exam administrators will give clear instructions and can help if you have trouble using the computer. During your exam, you will be able to go back to any question and review and change your answer, if needed.
Languages	The written exam is in English.
All Testing Materials are Provided	All materials you need to take the written exam are provided to you by the test administrator at the time of your exam. No other materials or personal belongings are allowed in the exam room.

TIPS FOR TAKING THE WRITTEN EXAM

Read directions	Avoid careless errors by thoroughly reading and understanding the instructions before you begin.
Read questions thoroughly	Read every question carefully before you answer it. The most common reason people miss questions when they know the material is that they do not read the questions carefully.
Read all answers before choosing	Read all answers before making your choice. Even if you come to an answer that looks good, one of the answers below it may look better.
Answer every question	You might choose the right answer even if you are not sure. Rule out the answers you know are wrong and then make the best available choice.
Don't spend too much time on one question	If you have a hard time with a particular question, move on and make a note to come back to that question later.
Double check answers	If you finish early, use the remaining time to review and double-check your answers.

Questions on the written exam are followed by four answer choices with only one correct answer. Review the sample questions and answers below. A longer written practice test is available online at www.cosmetologykansas.com.

1. The pigment that gives skin its natural color is

- a. sebum.
- b. keratin.
- c. collagen.
- d. melanin.

2. If a product measures 12.0 – 13.0 on the pH scale, it means that the product is

- a. an acid.
- b. a neutral product.
- c. an alkaline.
- d. a flammable product.

3. The skin

- a. is the largest organ of the body.
- b. is the smallest organ of the body.
- c. has an average pH of 3.0 4.5.
- d. has an average pH of 6.0 7.0.
- 4. Creams must be stored in
 - a. the facial area.
 - b. the dispensary.
 - c. closed containers.
 - d. open containers.

5. The outermost layer of skin is the

- a. epidermis.
- b. medulla.
- c. dermis.
- d. subcutaneous tissue.

Answers:

1. d. 2. c. 3. a. 4. c. 5. a.

Practical Exam

During the practical exam, you will demonstrate the skills you have learned by performing a variety of services related to your profession. Test evaluators will evaluate you on your ability to perform these tasks while maintaining safe and sanitary conditions. This section describes practical exam rules, materials and supplies you need to bring, steps to be performed and other information you will need to do well on the exam. Practical exams are administered in English only. Full scripts of instructions given during the exam can be viewed online or downloaded at <u>www.cosmetologykansas.com</u>.

Examination Setting	Practical examinations are administered in a testing setting. A counter is provided to work on. Brooms and dustpans are available. Do not assume that any other salon facilities are available.
Video Instructions and Timer	Practical exam instructions and a countdown timer showing time remaining for each timed portion of the exam are presented on a video screen in the exam room. Scripts are available to read online or download at <u>www.cosmetologykansas.com</u> .
Professional Techniques	No specific professional techniques are required. The professional techniques you use are up to you. Regardless of your professional technique, you will be evaluated on whether or not you successfully perform the steps listed in this exam preparation guide for each service in a way that is professionally effective, safe, sanitary and legal, and does not detract from exam administration.
Workstations	Practical examination stations at the exam facility are countertop tables. Workstations are approximately 25-30" deep, 34-35" wide and 35-36" tall. Items you place on your countertop, including your mannequin, tools, supplies and containers, must stay within the area of your assigned workstation. Mannequin stands/clamps need to open wide enough to accommodate 2" thick countertops. Waste receptacles must be placed on the floor underneath the workstation and remain within your workstation boundaries during the entire exam.
Kit Requirements	You must bring your own kit with a sufficient quantity of supplies to complete all sections of the exam. Kits must be able to fit completely under your workstation. All products and supplies used in services must be in sealed or closed containers clearly labeled in English. The checklist at the end of this exam preparation guide has a complete list of what your kit must contain. You may bring other items if they meet the requirements described at the top of the checklist. National Testing Network does not regulate or endorse any kit company. Regardless of where a kit is from, it is the candidate's responsibility to check the kit and ensure it is complete.
	Kits must be stored under the workstation. Candidates may remove items from their kits during the exam without an evaluator's permission. Kits and their contents are considered sanitary unless sanitation is broken. Candidates are responsible for maintaining sanitation of their kits during the entire exam, including while items are stored and during any movement of items. Kits are considered as part of the work area and must be clean and kept closed, except when removing items.

Head Mannequins	Candidates are required to bring a clean mannequin head, without beard, in a sanitary container or packaging. Candidates are responsible for ensuring the mannequin they bring is effective, appropriate for the services, the amount of space allotted and for the exam facility. Do not apply makeup to the mannequin. No makeup is required for the exam.
	 The following types of mannequins are acceptable:
	 Standard cosmetology mannequin and clamp
	 Mannequin with or without shoulders that lies down
	 Candidates must firmly stabilize mannequin heads, using a clamp, vacuum stand or other effective stabilizing method appropriate for the service being performed and for the exam facility.
10 Minute Initial Setup	 During a 10 minute initial setup, each candidate sets up linens, papers and products stored in clear, sealed plastic bags or containers, and other items that will be out for the entire exam. The candidate also sets up the mannequin head and freestanding waste receptacles.
	 Do not drape during 10 minute initial setup.
2 Minute Service Setup	 During a 2 minute setup at the beginning of each service, implements, products and tools for that service are set up and may remain out for that service.
	 During the 2 minute setup, candidates are expected to ensure the workstation is clean, sanitized and disinfected for the start of the service.
	 Do not drape during the 2 minute setup.
Draping	 Draping is <i>not</i> performed during either the 10 minute or the 2 minute setup. It is performed during the timed service.
	 Drapes must be effective, safe, sanitary, legal and appropriate for the type of service.
	 Candidates will continue using the same drape for all services.
Labels in English	 All labels on all items must be legible, visible to evaluators and in English.

- · ·	
Product Requirements	 Candidates must bring all product(s) or mock product(s) needed for services.
	 Water is not needed for the exam. Some dry towels are to be packaged and labeled "steamed towels." Sponges may be dry or pre-moistened. They are to be packaged and labeled "moist sponges." See exam checklist.
	 Safe, non-toxic, non-aerosol products or mock products are required. Ingredient lists from actual products or mock ingredient lists are not required.
	 All liquids and creams must be in containers and labeled in English stating what the container represents. For instance, a container filled with water may be labeled, "Toner."
	 Mock product containers can only represent one item. Each product must be in a separate labeled container.
	 The candidate's way of setting up, covering, touching, scooping, using and storing products must ensure personal and client safety, sanitation and infection control.
Tools and Implements	 All tools/products/implements must be in proper and safe working order and in labeled containers or bags (for example, the label may say "Facial Service" and contain all facial tools/products/implements that will be set out at the time of the facial service.)
	 Tools and implements must be set out for each service on a clean/sanitary surface.
	 Sanitation must be maintained before and during use, including when removing implements from the kit or placing them in storage.
	 Implement containers and a candidate's way of sanitizing and maintaining sanitation of tools and implements during services must ensure personal and client safety, sanitation and infection control.
	 A candidate's way of using and handling tools and implements must ensure personal and client safety, sanitation and infection control.
Linens and Paper Requirements	 Candidates must choose linens and/or paper products effective for the purpose being used.
	 All linens, towels and paper products must be in visibly sanitary condition and stored in clear, sealed plastic bags or containers until set up at the beginning of each service.
	 Some dry towels must be in a sealed plastic container marked, "Steamed towels" and used as if they were wet.
	 The candidate's way of setting up, touching, using and storing linens and paper products must ensure personal and client safety, sanitation and infection control.

Personal Safety and Sanitation	 Candidates are evaluated on their sanitation methods, how products and tools are cleaned, stored, and handled, how the mannequin is touched, and the sanitation of the workstation. If a candidate's methods ensure personal and client safety, sanitation, and infection control, those methods are acceptable. Candidates must sanitize and disinfect the work area (including the optional stool for candidate, if used). Candidates' hands must be cleaned with hand sanitizer before performing any service on a mannequin and after any break in sanitation, including anytime the candidate touches an unsanitized surface or leaves the workstation. Kits and their contents are considered sanitary, unless sanitation is broken. Safety, sanitation, and infection control must be maintained. Candidates must use infection control procedures, as needed, (i.e. blood spill procedure must be used if a cut is sustained).
Blood Spill Kit and Procedure	 Candidates will be evaluated on the safe and sanitary performance of an entire blood spill procedure demonstration. These universal and standard precautions will be performed as a mock service on the mannequin set up on the workstation during the 10 minute setup. Note: All products used during a blood spill incident must be applied with an applicator. Any material coming into contact with the client's skin or wound is considered contaminated. All contaminated materials are to be placed in a double bag marked with a biohazard label or have "biohazard" clearly printed on the outside of the bag with permanent ink. A second <i>Blood Spill/First Aid Kit</i> must be labeled and visible on top of the workstation throughout the exam. If an injury involving blood occurs during the exam, using the second Blood Spill/First Aid Kit the candidate will follow the blood spill procedure steps as outlined in KAR 28-24-3 Communicable diseases or conditions; universal precautions. Candidates must perform all steps of the blood spill procedure in a safe and sanitary manner in order to successfully complete this portion of the exam: Stop service immediately. Don protective gloves. Clean the injured area with an antiseptic solution and cover the wound with a sterile bandage to prevent further blood exposure. Clean the the blood. Clean the blood.
	 All contaminated items, including gloves (which should be removed last), must be placed in a double bag marked "Biohazard". Completely seal the double bags and place in the waste receptacle.

Waste and Disposal	 Candidates must manage waste and soiled materials in a sanitary manner, while maintaining a sanitary workstation, throughout the exam. Candidates must supply a minimum of one waste disposal receptacle that must be kept on the floor underneath the candidate's assigned workstation. The container must be labeled, "Waste."
	 Waste receptacle(s) must be plastic lined and freestanding. Paper grocery bags/ shopping bags lined with plastic garbage bags are recommended. Plastic garbage bags that are taped to the workstation are not allowed.
Apparel and Personal Hygiene	 A candidate's jewelry may not inhibit the performance of services. A candidate's hair may not inhibit safe and sanitary performance of services. Apparel must be visibly clean. Clothing and jewelry must not present safety or sanitation risks for consumer. Personal hygiene presents no risk for consumers.

No uncovered wounds.

Practical exam instructions are presented by DVD. (See scripts at <u>www.cosmetologykansas.com</u>.) Order of exam components is shown below. On the following pages, tasks for each service are described. Evaluators will rate your ability to demonstrate each task in a safe, sanitary and legal manner, utilizing all tools and implements safely and maintaining safe and sanitary conditions. Technique is not graded. You should use techniques you were taught or that you prefer. You will be evaluated at all times.

	Service	Setup Time	Timed Service	Percent of Overall Score
Initial Setup	Disinfection and Setup	10 minutes		7%
Blood Spill	Blood Spill Procedures Demonstration		10 minutes	Scored separately
Service 1	Facial	2 minutes	20 minutes	19%
Service 2	Facial Mask	2 minutes	10 minutes	12%
Service 3	Manual Extraction	2 minutes	10 minutes	19%
Service 4	Tweezing and Waxing	2 minutes	20 minutes	19% each
Cleanup	Disinfection and Cleanup	Unlimited	Unlimited	5%

IMPORTANT

- You are responsible for all of your supplies.
- Review your checklist and supplies before you arrive at the testing facility.

10 Minute Setup of	
Items that Remain	
Out for Entire	
Service	

Candidates will be evaluated on the safe and sanitary performance of the following:

- 1. Disinfect entire work surface.
- 2. Set out the following items at a minimum. Do not set out tools and implements for any specific service. These will remain on your station throughout the exam:
 - a. Disinfectant for work surface.
 - b. Hand sanitizer.
 - c. Paper towels.
 - d. Blood spill/first aid kit containing:
 - o Bandages
 - o Anti-microbial
 - Plastic bag labeled "biohazard"
 - Protective gloves
- 3. Set up 1 or more freestanding waste disposal receptacle(s) on the floor underneath your assigned workstation for the exam.
- 4. Set up mannequin clamp.

Notes:

- Candidate's apparel and personal hygiene must not present safety or sanitation risk to consumer.
- During this time, setup mannequin head, but do not drape yet.
- You will be able to get in and out of your kit during the exam without permission from the evaluator.
- Candidates taking only the blood spill portion must still complete the 10 minute initial setup.

Blood Spill Procedure Demonstration

10 minutes

Candidates will be evaluated on the safe and sanitary performance of an entire blood spill procedure demonstration. These universal precautions will be performed as a mock service on the mannequin set up on the workstation during the 10 minute setup.

Note:

- All products used during a blood spill incident must be applied with an applicator.
- Any material coming into contact with the client's skin or wound is considered contaminated.
- All contaminated materials are to be placed in a double bag marked with a biohazard label or have "biohazard" clearly printed on the outside of the bag with permanent ink.

Candidates will have 10 minutes to perform the mock blood spill procedure on the forehead of head mannequins.

Candidates must perform all steps of the blood spill procedure in a safe and sanitary manner in order to successfully complete this portion of the exam. These steps include:

- 1. Don protective gloves.
- 2. Clean the injured area with an antiseptic solution and cover the wound with a sterile bandage to prevent further blood exposure.
- 3. Clean and disinfect all equipment, tools, and implements that have come in contact with the blood.
- 4. Clean the station with disinfectant.
- 5. All contaminated items, including gloves (which should be removed last), must be placed in a double bag marked "Biohazard".
- 6. Dispose of completely sealed double bags in the waste receptacle.

FACIAL	Note:			
20 minutes		The mannequin represents a real person, the same person for all services.		
	2 minu	te setup:		
		Disinfect your station and set up with facial implements, products and tools.		
	Candid followi	ates will be evaluated on the safe and sanitary performance of the ng:		
	1.	Drape the mannequin, including hair, ears and chest coverings. These same drapes will remain in place throughout the exam.		
	2.	Cleanse entire face, avoiding lips, eyes and nostrils.		
	3.	Remove cleanser with a clean "steamed" towel, moistened or mock moistened cotton, or moistened or mock moistened sponge.		
	4.	Steam the face:		
		 Wring "Steamed" towel, and simulate checking towel temperature before applying to the face. 		
		b. Cover the face with the "Steamed" towel, keeping the nose and mouth uncovered.		
	5.	Apply massage cream.		
	6.	Demonstrate massage techniques:		
		a. Perform effleurage over the face.		
		b. Perform petrissage over the face.		
		c. Perform tapotement over the face.		
	7.	After your massage demonstration, perform these finishing steps:		
		a. Remove massage cream using upward and outward movements with a clean "steamed" towel, moistened or mock moistened cotton, or moistened or mock moistened sponge.		
		 Apply toner or astringent to the chin, cheeks, nose and forehead using cotton ball or other disposable cotton product. 		
		 Apply moisturizer to the chin, cheeks, nose and forehead using upward and outward movements. 		
	8.	Clear facial items from your station, clean your station, stand back and raise your hand to indicate you are finished.		

FACIAL MASK SERVICE

FACIAL MASK 10 minutes	2 minute setup: Disinfect your station and set up with facial mask implements, products and tools.			
	Candidates will be evaluated on the safe and sanitary performance of the following:			
	1. Maintain towel and linen positions during service.			
	 Apply facial mask product evenly and smoothly over the chin, cheeks, nose and forehead, not including eyes, nasal passages or lips. 			
	3. Stand back, raise your hand to indicate your mask is drying.			
	4. Use a clean "steamed" towel, moistened or mock moistened cotton, or moistened or mock moistened sponge to thoroughly remove all facial mask product, using upward and outward movements. Test the temperature of the "steamed "towel before using it on the face.			
	5. Apply toner or astringent to the chin, cheeks and forehead with cotton ball or other disposable cotton product.			
	6. Apply moisturizer to the chin, cheeks, nose and forehead.			
	7. Clear facial mask items from your station and clean your station.			
	8. Stand back, raise your hand to indicate you are finished.			

MANUAL EXTRACTION 10 minutes	2 minute setup: Disinfect your station and set up with manual extraction implements, products and tools.			
	Candidates will be evaluated on the safe and sanitary performance of the following:			
	1. Maintain towel and linen positions during service.			
	2. Provide eye protection for the client.			
	3. Wear disposable gloves throughout the extraction.			
	4. Apply antiseptic or astringent to the forehead.			
	5. Stand back and raise your hand and an evaluator will come to observe your demonstration of a manual extraction.			
	 With the evaluator observing, gently apply pressure to both sides of the pore and perform extraction. Use cotton or tissue with astringent during extraction. 			
	7. Evaluator will instruct you to continue.			
	8. Apply antiseptic or astringent to extracted areas.			
	 Clear manual extraction items from your station and clean your station. 			
	10. Stand back and raise your hand to indicate you are finished.			

TWEEZING and WAXING	2 minute setup: Disinfect your station and set up with tweezing and waxing implements, products and tools. Pre-waxed strips for home use are not allowed.				
20 minutes	Candidates will be evaluated on the safe and sanitary performance of the following:				
	1. Maintain towel and linen positions during service.				
	2. Wear disposable gloves for both tweezing and waxing procedures.				
	 3. Tweezing procedure: a. Apply antiseptic to eyebrow area. b. Dry the eyebrow area. c. When you are ready to tweeze, stand back, raise your hand and an evaluator will come to observe. d. With the evaluator observing, hold skin taut and demonstrate the removal of hair in the direction of its natural hair growth. 				
	 When the evaluator instructs you to continue, finish the service by reapplying antiseptic to the area. 				
	5. Clear facial tweezing items from your station and stand back.				
	 6. When you are instructed to do so, begin the waxing procedure: a. Apply antiseptic to eyebrow area. b. Dry the eyebrow. c. When you are ready to apply wax, stand back, raise your hand and an evaluator will come to observe. 				
	 7. With an evaluator observing: a. Test the wax temperature on your forearm. b. Apply simulated wax product under the eyebrow in the direction of the hair's natural growth. c. Smooth strip over wax product. d. Hold skin taut and pull fabric strip in opposite direction of the natural hair growth. 				
	 When the evaluator instructs you to continue, finish the service by applying waxing finishing product to the area. 				
	9. Clear waxing items from your station, clean your station and stand back.				
	Clean up: After the waxing service, your evaluation will continue. You will be instructed to				
	perform the following cleanup steps.				
	 Completely clear and clean your workstation, including sweeping floor. Package all of your materials and waste, including floor sweepings, for removal from the exam site. Raise your hand. An evaluator will check your area and release you to leave. Do not leave or dispose of anything at the exam site. 				

• You will be evaluated on how clean and sanitary you leave your workstation.

This kit content checklist is a complete list of what is required for your exam. You may bring additional items if they are part of the technique you use and if they provide an effective, professional service that is safe, sanitary and legal. All items must be appropriate and effective for the service, appropriate for the exam facility and not detract from exam administration. National Testing Network does not regulate or endorse any kit company. Regardless of where the kit is from, it is the candidate's responsibility to check the content and assure it is complete.

Identification	Two valid forms of government issued identification (one with photo)
