Candidate Information Bulletin

Introduction

Thank you for participating in the State of Kansas licensing process. To obtain your license, the Kansas Board of Cosmetology (KBOC) requires you to pass a written and a practical exam after you complete your program.

Read this entire Candidate Information Bulletin. It has information you need to complete the exam process. You can also find this information online at www.cosmetologykansas.com.

This Candidate Information Bulletin (CIB) includes written and practical exam information. There are checklists for your use on the last pages of this Candidate Information Bulletin to make sure you are bringing what you need on your practical exam day.

National Testing Network is contracted to administer the examinations and provide candidate services for the State of Kansas. To submit a question, click the ““Contact Support”” link on www.cosmetologykansas.com.

Getting Started

To take your written and practical exams, you must be referred online at www.cosmetologykansas.com by your school, your apprenticeship program, or by the Kansas Board of Cosmetology. Your temporary username and password will be issued to them.

What to expect from your trainer or referring agency:

- They refer you online.
- They obtain and give you a temporary username and password.
- They report all of your completed training hours on the website by the time you report for your exam.

As a candidate, it is your responsibility to:

- Make contact with your trainer to get the exam process started.
- Read and be familiar with this Exam Preparation Guide by the day of your exam.
- Use your temporary username and password, given to you by your school or the referring agency, to create your own personal username and password online.
- Go online to schedule the date and time of your written and practical exams. (You need to use your personal username and password for scheduling both exams.)

Exam Locations and Scheduling

Go to www.cosmetologykansas.com to see exam locations and schedule your exam. Choose any available time and date at the location you prefer for both your written and practical exams. You may take your exams in any order. You must schedule exams yourself online. Walk-in candidates are not admitted to examinations and testing centers cannot schedule candidates.

Payments

The practical exam fee is \$75, the written exam fee is \$75 and any exam retest is \$75. You can pay by credit card online. If you cannot pay by credit card, log into your account at www.cosmetologykansas.com. Click on “I do not want to pay by Credit Card” and print the form you need. Send the completed form, along with your money order or cashier’s check, to National Testing Network. In about two weeks you will receive a voucher via email that you can use to go online and schedule your exam.

SCHEDULING AND TAKING THE EXAMS

Special Accommodations Requests	<p>For those with special needs, Americans with Disabilities Act (ADA) accommodations are available. You may request accommodations by completing the “Request for Accommodations Form (Parts A and B)” when you log into your account online for the first time. The appeal must be made in writing and can be sent to support@nationaltestingnetwork.com or to Appeals Process, National Testing Network, 18720 33 rd Ave. W., Lynnwood, WA 98037.

FREQUENTLY ASKED QUESTIONS

How and when do I find out about my exam results?

Your exam results will be posted on your online account page within 5 business days after you complete your exam. The employees at exam locations do not have access to exam scores and cannot answer questions related to your performance on any exam.

What is the passing score?

Candidates are required to pass a written exam. Candidates will take one examination and receive scores two scores – one score for tattoo artist and permanent cosmetic technician professional knowledge (75% of the exam) and a second score for laws and regulations (25% of the exam). Candidates scoring less than 75% on the Kansas laws and regulations questions must take the entire written exam again. Candidates scoring less than 75% on the tattoo artist and permanent cosmetic technician professional knowledge questions must take the entire written exam again.

Candidates must also pass a practical examination. Passing score for the practical exam is 75%. Candidates scoring less than 75% on the practical exam must retake the entire practical exam again.

When can I retake an exam?

If you do not receive a passing score, you can go online and sign up to retake the written exam or practical exam at any time.

What is the cancellation and refund policy?

Exam fees are not refundable. Exams can be rescheduled by clicking the “Contact Support” link on www.cosmetologykansas.com and submitting a support ticket a minimum of 7 calendar days prior to your exam date. **Schedule changes are not allowed outside of the 7 day policy.**

What is the policy on extreme weather and emergency closure?

In case of extreme weather conditions or other emergencies that warrant closure of any testing center, you will be notified as soon as possible. When possible, you will be notified at least two hours before your scheduled time. After you receive notification, exams can be rescheduled by clicking the “Contact Support” link on www.cosmetologykansas.com and submitting a weather re-schedule support ticket.

Ensuring that your contact information is correct in our system will help us reach you in a timely manner.

Is my score valid in other states?

The State of Kansas has no control over what is accepted in other states.

Do I have to take the exam for things that are not taught in my program?

This is your state licensing exam. The exam tests for state requirements and the ability to perform services listed in Kansas State Law, as shown on the next page. You must be prepared for testing in all areas shown.

WRITTEN TEST ADMINISTRATION

Written Exam Time	2 hours
Computerized Testing	The written exam is computer administered. You must be able to use a mouse and familiar with basic keyboarding. Exam administrators will give clear instructions and can help if you have trouble using the computer. During your exam, you will be able to go back to any question and review and change your answer, if needed.
Languages	The written exam is in English.
All Testing Materials are Provided	All materials you need to take the written exam are provided to you by the test administrator at the time of your exam. No other materials or personal belongings are allowed in the exam room.

TIPS FOR TAKING THE WRITTEN EXAM

Read directions	Avoid careless errors by thoroughly reading and understanding the instructions before you begin.
Read questions thoroughly	Read every question carefully before you answer it. The most common reason people miss questions when they know the material is that they do not read the questions carefully.
Read all answers before choosing	Read all answers before making your choice. Even if you come to an answer that looks good, one of the answers below it may look better.
Answer every question	You might choose the right answer even if you are not sure. Rule out the answers you know are wrong and then make the best available choice.
Don't spend too much time on one question	If you have a hard time with a particular question, move on and make a note to come back to that question later.
Double check answers	If you finish early, use the remaining time to review and double-check your answers.

Practical Exam

During the practical exam, you will demonstrate the skills you have learned by performing a service related to your profession on a live model. Exam evaluators will evaluate you on your ability to perform these tasks while maintaining safe and sanitary conditions. This section describes practical exam rules, materials and supplies you need to bring, steps to be performed and other information you will need to do well on the exam. Practical exams are administered in English only.

Examination Setting	Practical examinations are administered in a testing setting. Tables, chairs, brooms and dustpans are available. Do not assume that any other facilities are available.
Professional Techniques	Regardless of the professional technique you use, you will be evaluated on whether or not you successfully perform the tasks listed in this exam preparation guide in a way that is safe, sanitary, and legal.
Kit Requirements	<p>You must bring your own kit with a sufficient quantity of supplies to complete the exam. All products and supplies must be in sealed or closed containers clearly labeled in English. The checklist at the end of this exam preparation guide has a complete list of what your kit must contain. <i>If there are any missing items, the examination will be terminated.</i> These items must be presented to the exam evaluator at the time of examination following all rules for infection control and safety without cross contamination. Remove all indicators of your place of work or trainer from items.</p> <p>Additional tools or implements are acceptable if they are part of the technique you use and if they provide an effective, professional service that is safe, sanitary and legal. It is your responsibility to assure your kit is complete. You will place all items you bring in your kit onto your table for inventory by the evaluator.</p>
Labels in English	All labels on all items must be legible, visible to evaluators and in English.

Live Model

A live model is required for the exam. Candidates are responsible for bringing a live model whom they have personally pre-screened for contraindications that would put the live model at an increased risk for injury or other harm. National Testing Network is not responsible for any injury or illness that occurs as a result of the live model's participation in the exam. Candidates and live models will be required, at the exam site, to certify that the live model meets these requirements.

▪ **Live Models:**

- May not be a current Body Art apprentice.
- May not be a Body Art licensee.
- May not be a Body Art apprentice trainer or instructor.
- Must be at least 18 years of age.
- Must give written consent to participating as a live model.
- Must be free of contraindications.

You may not communicate or exchange information with your model at any time during the exam related to the performance of any demonstration. Any communication between you and your model should be minimal and related to the artist-client relationship including infection control, pre- and post-service information, and giving instruction for adjustment of your model.

The evaluators and your model are not allowed to guide you, answer questions, or exchange information at any time during the exam regarding proper demonstration of a procedure.

Product Requirements

- Mock product is not allowed.
- Candidates must bring all products needed.
- All products in containers must be labeled in English stating what the container actually contains.
- The candidate's way of setting up, covering, touching, scooping, using and storing products must ensure personal and client safety and infection control.

Tools and Implements

- Body arts instruments or tools being used on the live model, such as but not limited to needles and tubes, shall be sterilized.
- Disposable body arts instruments or tools must be in the original sterile packaging obtained from suppliers or manufacturers.
- Items used that are not disposable body arts instruments or tools must be sterilized prior to the exam according to Kansas State General Laws, Rules and Regulations which can be seen at www.kansas.gov/kboc.
- All body arts tools/products/implements must be in proper and safe working order and in English labeled containers or bags.
- Tools and implements must be set out on non-porous barrier placed over a clean/disinfected surface.
- A candidate's aseptic practice during the exam must ensure personal and client safety and infection control.
- A candidate's way of using and handling body arts tools and implements must ensure personal and client safety and infection control.

Paper Requirements

- Candidates must choose paper products effective for the purpose being used.
- All paper products must be in visibly sanitary condition.
- The candidate's use of paper products must ensure personal and client safety and infection control.

Personal Safety and Sanitation

- Candidates are evaluated on all elements of safety, including how products and tools are cleaned, disinfected, sterilized, stored, and handled, how the model is handled, and the cleanliness of the entire workstation.
- Candidates must disinfect the work area (including tables, chairs and supply bottles).
- Candidates' hands must be washed, and clean protective gloves worn while performing the service. If gloves become contaminated or compromised, they must be discarded, hands washed again, and new gloves donned and checked for holes or tears, before continuing service. This includes anytime the candidate touches an unprepared area or leaves the workstation.
- Visibly clean kits and their contents are considered sterilized to start with, unless there is cross contamination. The candidate must prevent cross contamination by disposing of or disinfecting items that become contaminated, as appropriate.
- If an item or substance falls to the floor:
 1. Remove it from the floor immediately.
 2. Disinfect all contaminated areas including the floor.
 3. Do not reuse item without sterilizing or disinfecting.
- Candidates must use infection control procedures at all times.

Blood Spill Kit and Procedure

A Blood Spill/First Aid Kit must be labeled and visible on top of the workstation throughout the exam. The exam is a mock service. If an injury involving blood occurs during the exam, follow these blood spill procedure steps as outlined in KAR 28-24-3 Communicable diseases or conditions; universal precautions:

1. Stop service immediately.
2. Don protective gloves.
3. Clean the injured area with an antiseptic solution and cover the wound with a sterile bandage to prevent further blood exposure.
4. Clean and disinfect all equipment, tools, and implements that have come in contact with the blood.
5. Clean the station with disinfectant.
6. All contaminated items, including gloves (which should be removed last), must be placed in a double bag marked "Biohazard".
7. Dispose of completely sealed double bags in the waste receptacle.

Notes:

- All products used during a blood spill incident must be applied with an applicator.
- Any material coming into contact with the client's skin or wound is considered contaminated.
- All contaminated materials are to be placed in a double bag marked with a biohazard label or have "biohazard" clearly printed on the outside of the bag with permanent ink.

Waste and Disposal

- Candidates must bring a sharps container that is clearly labeled "Sharps Container."
- Candidates must manage waste and soiled materials in a sanitary manner, maintaining a sanitary workstation, throughout the exam.
- Candidates must supply a minimum of one waste disposal receptacle that must be kept on the floor. The container must be labeled, "Waste."
- Waste receptacle(s) must be freestanding and covered.

Apparel and Personal Hygiene

- Your hair must be pulled back and/or secured.
- Your apparel must be clean.
- Your shoes must cover your feet.
- Your pants must cover your legs.
- You must wear a shirt that has short sleeves or sleeves that can be rolled up.
- Your clothing and jewelry must present no safety or sanitation risks for consumer.
- You must be personally clean and demonstrate personal cleanliness at all times.
- Your skin must be free of infection and have no uncovered wounds.

SERVICES PERFORMED DURING THE PRACTICAL EXAM

General exam steps for the tattooing practical examination are shown below. The exam entails a mock tattooing service. Steps must be performed following Best Practices shown at www.kansas.gov/kboc/BodyArt.htm.

1. Hand washing and protective gloves.
2. Prepare procedural area and freestanding waste receptacles.
3. Present all equipment and supplies.
4. Provide pre-service information to model.
5. Review the client record with the model and complete the record.
6. Set up equipment and supplies using appropriate barriers.
7. Prepare model for tattooing.
8. Assemble machine.
9. Disperse pigment.
10. Demonstrate mock tattooing on the model's forearm.
11. Demonstrate aftercare procedure.
12. Demonstrate proper breakdown procedure.
13. Disinfect work area.
14. Correctly explain sterilizer protocol from container to sterilizer.
15. Clean and disinfect entire work area before leaving.

IMPORTANT

- You are responsible for all of your supplies.
- Review your checklist and supplies before you arrive at the testing facility.

**Introductory Video
Shown at Beginning
of Practical Exam**

Video Script:

“On behalf of National Testing Network we welcome you to your licensing exam. You will perform a mock demonstration on a live model, completing all procedures except inserting a needle into the skin. To remain in this exam, you and your model must follow exam rules.

- *Do not tell your name or any information about your trainer or place of training to your evaluator.*
- *No reference materials, food, beverages, smoking, cell phones, or weapons are allowed.*
- *You may not leave the test site during the exam.*
- *You must request permission to go to the restroom and the exam timer does NOT STOP.*
- *Your evaluator may ask you to repeat a step or describe what you are doing, but is not allowed to guide you, answer questions, or exchange information regarding proper demonstration of a procedure.*
- *During the exam, you may have the instructions repeated a maximum of two times.*
- *Since this is a mock demonstration, you must tell your evaluator when there would be a stand or a wait time.*
- *You must actually perform the first hand washing. After that, just describe washing your hands again, whenever you would do so during the service. Each time you must describe all steps.*
- *Your evaluator cannot provide any additional supplies, equipment, or other items to you.*
- *If you drop anything on the floor, pick it up and discard it OR, if you are going to use it again in this service, properly follow required disinfection or sterilization protocols.*
- *Your model is the only person you may have present in the exam room.*
- *Your model must not provide any guidance regarding the service and should not speak unless necessary.*
- *All talking between you and your model should be limited. What is said must be related to the client relationship such as asking your model to move, providing infection control instructions and the giving of pre and post service information.*
- *If there is any unauthorized communication, or any inappropriate behavior or language by you or your model, your exam will end and you will not pass.”*

Candidates will be evaluated on description of proper and safe performance of the following:

1. Sterilizer protocol from contaminated to service ready.

Final Cleaning

5%

Video Script:

“The last part of your exam is to completely clear, clean and sanitize your area. That includes packaging all garbage to take with you. You may not leave disposable materials or anything else in the facility. When you are ready to leave, inform your evaluator who will check your area and release you to leave. You will be evaluated on how clean you have left your area.

Your test administrators cannot answer questions about how you did on today’s exam. Within one week, your exam results will be posted on your online account page and you can access them with your user name and password. The Exam Preparation Guide has information about how you get your license once you have passed.”

To be approved for leaving, you must:

1. Completely clean work area.
2. Prepare your waste properly for disposal.
3. Take everything with you, leaving nothing behind in the test center.

CHECKLIST: WHAT TO BRING TO YOUR PRACTICAL EXAM

This kit content checklist is a complete list of what is required for your exam. Other tools or implements are acceptable if they are part of the technique you use and if they provide an effective, professional service that is safe, sanitary and legal. It is your responsibility to assure your kit is complete. If there are any missing items, the examination will be terminated. These items must be presented to the exam evaluator at the time of examination following all rules for infection control and safety without cross contamination. Remove all indicators of your place of work or trainer from items.
